

**We Build
on your
Vision**

Everything starts with a simple dream. A desire to do something on your own, a dream to build something big and a vision to make a difference to the world. You need the right partner to walk along to transform that dream into reality, to build something great and better. We help you accomplish your dream.

A trusted name, with over 14 years of unmatched track record in building world-class structures for some of India's well-known industrial houses.

VRep Construction & Consultants is an ideal building partner for factories, warehouses, bungalows, and engineering platforms.

VISION

WE HELP CUSTOMERS ACHIEVE THEIR DREAMS BY BUILDING WORLD CLASS STRUCTURES EFFICIENTLY

MISSION

WE CREATE WORLD CLASS STRUCTURES AND SPACES FOR ENTERPRISES AND INDIVIDUALS. WITH BEST OF TECHNOLOGY WITH QUALITY, SAFETY AND WITHIN TIME

ABOUT US

VANDANA KOHLI
DIRECTOR / CO-FOUNDER

S. SAIKUMAR
DIRECTOR / CO-FOUNDER

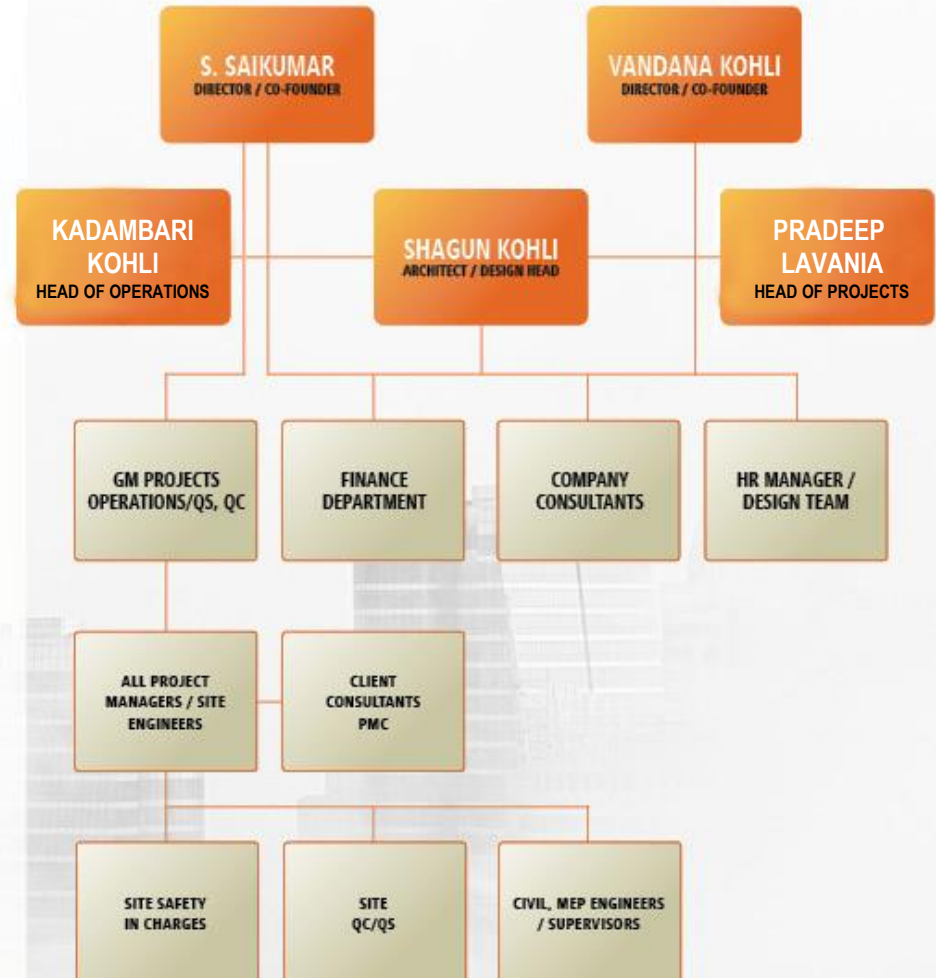

VRep was founded by Vandana Raj Kohli and S. Saikumar in 2007 with a vision to build world-class structures for enterprises and individuals.

A mechanical engineer with over 2 decades of experience, Sai Kumar has been instrumental in setting up numerous industries. He received many awards and accolades for his outstanding work including prestigious Pepsi International Quality Award. He brings the exceptional project execution abilities which help the clients to complete the projects within the given parameters of time, cost and quality.

An architectural interior designer by nature, Vandana Kohli specialises in turning vision into actions at VRep. A multi-faceted personality Vandana, ensures values of VRep percolate from the core management team to every member of the VRep family. Her thoughts and actions backed by distinct philosophies and ideologies have been key factors for growth.

Vandana and Sai have put together a winning combination of vision, experience and skill to provide a wide range of services in building and project management for clients. VRep has successfully planned and executed projects across Food and Beverages, Pharma, Engineering, Automobile and Infrastructure industries pan Indian and abroad.

ORGANIZATION CHART

OUR SERVICES

VRep specialises in understanding the customer's needs and offer smart solutions based on local conditions.

Our expert technical and delivery teams deliver the best results on a complete range of services - design, project management, construction, utility services, landscaping, specialist process engineering, including approvals and clearances as part of the project.

VRep's mantra of creating customised, best-suited delivery systems for each project we undertake, forms the foundation for delivering results.
